San Francisco District

### **SAN RAMON VALLEY RECYCLED WATER PROJECT CALIFORNIA**

CONGRESSIONAL DISTRICT: 10<sup>th</sup> District Rep. Ellen O. Tauscher; 11<sup>th</sup> District, Rep. Richard Pombo

PROJECT DESCRIPTION: This project is located in the San Ramon Valley, approximately 25 miles east of San Francisco, in the California counties of Contra Costa and Alameda. The project area runs from Danville south to Dublin. Authorized by WRDA 1999, Section 502, b(42), the project's purpose is to facilitate the use of recycled water as a replacement for potable water for landscape irrigation. The Corps portion of this project will include design and of one pump station, and 10,500 feet of pipeline.

#### FISCAL YEAR 04 BUDGET:

PRESENT STATUS: Local interests have invested over \$2,000,000 in planning costs since 1990. An initial Congressional Budget Add was received in FY02 to determine the Corps involvement in the project through technical assistance. The Corps executed a Design Agreement on November 18, 2002 with the project sponsor, DERWA to assist with the design of one pump station and 10,500 feet of pipeline along Bollinger Canyon Road in San Ramon.

FUTURE EFFORTS: Award of contract to complete design of the Corps' portion of the project in FY03.
